Gloria,

Please accept the attached document (TRC Superfund Quals) as a means of demonstrating that TRC has the experience to serve as the Project Coordinator for the Falcon Refinery Superfund Site. Also I've attached a generic description of our services.

In addition to the listed Superfund Sites in the main document, we are also working at the Phoenix Goodyear Airport-South Superfund Site, I included a brief description of that project.

I have many additional documents that demonstrate our capabilities, please call if you have any questions or would like additional information.
